Build Information

APPLICATION VERSION

Server Version :	8.0.4-20190111-5469337
Web Version :	8.0.4-20190111-c817478+b2
OVA Version :	1.28.0

Resolved Customer Issues

- **LD-22254 - Wan Interface Capacity Story shows all the interface including the non wan interfaces**

Known Issues

- LD-21911 - Inbound and Outbound Separated reports may not always produce identical reports to running a single direction report if the flow traffic does not contain direction
- LD-22361 - Hyper-V: nginx bad gateway error occurs sometimes in node UI and prevents from updating
